

**Testing Options/Methods for Groups B and C :**

**Live Claims** – Pulled from AHCCCS Historical Claims submissions (either Paper or Electronic 837I)

**Live Claims** – Submitted by the Hospital (either Paper or Electronic 837I)

**Situational Claims** – Situations identified and documented in the form of created test claims/scenarios (either Paper or Electronic 837I)

**Typical Test Workflow:**

Claims are submitted or created as paper or electronic submissions,  
Claims adjudication cycles are run,  
Results are verified,  
Claims payment cycle is run,  
Results are verified,  
Verified results are communicated to Hospitals as applicable via generated test Remittance Advices.
